## 2. Scientific & Creative Chart Projects

*Project Work: Hands-on Learning & Observation*

- **Social Studies (Grid of the Earth Chart):**

Draw a comprehensive, detailed diagram of the Earth on a standard chart paper. Neatly draw, color, and define the lines of **Latitudes** and **Longitudes**. Highlight and label key reference lines such as the Equator, Prime Meridian, and the polar circles.

- **Science (The Process of Photosynthesis Diagram):**

On a white chart paper, draw a neat and colorful scientific diagram illustrating the complete process of **Photosynthesis** (how green plants prepare their food). Label the essential elements clearly, including Sunlight, Carbon Dioxide, Water, Chlorophyll, and Oxygen.

- **Computer Science (Computer Anatomy Board):**

Draw a neat, labeled architectural sketch of a computer system on a chart paper. Highlight and define its major peripheral and internal parts (Input Devices, Output Devices, and the System Unit CPU), listing their primary functions.

## 3. Hand-made Paper Crafts & Language Integration

*Activity Guidelines: Creative Expression & Design*

**Activity 1 : My Summer Travelogue Diary (मेरा ग्रीष्मकालीन यात्रा वृत्तांत)**

Maintain a creative journal over the break. Write down a detailed **ten-sentence reflection** in beautiful handwriting about a special trip, a historical site you explored, or a memorable day spent with family during this summer vacation.

**Activity 2 : Water Conservation Poster (जल ही जीवन है)**

Create an eye-catching poster on a chart paper showing the importance of conserving water during dry summer months. Write three strong slogans in both Hindi and English advocating for rainwater harvesting and preventing water wastage.
